PROFESSIONAL SUMMARY

Full Stack Engineer with 3+ years of experience building and optimizing production web applications using React.js, Next.js, TypeScript, Node.js, Express.js, MongoDB, and Redis. Experienced in developing enterprise, banking, and high-volume bill-payment platforms, REST APIs, payment workflows, dashboards, and scalable application architectures. Hands-on experience across frontend and backend development, API integration, performance optimization, caching, and microservices-based systems.

CORE SKILLS

- Frontend: React.js, Next.js (App Router & Page Router), JavaScript, TypeScript, Redux Toolkit, Vite
- Backend: Node.js, Express.js, REST APIs,, API Integration
- Database & Caching: MongoDB, MySQL, Redis
- Architecture: MERN Stack, Microservices Architecture, Performance Optimization
- Payments & Integrations: PayU, Razorpay, Third-party APIs, LLM-based APIs
- UI & Styling: Tailwind CSS, ShadCN UI, Radix UI, SCSS, MUI, Bootstrap
- Tools: Git, GitHub, Postman, VS Code , Antigravity

PROFESSIONAL EXPERIENCE

Software Engineer — Plutos One Pvt. Ltd.

Feb 2024 – Present

- Develop full-stack features for SaaS, banking, and enterprise platforms using Next.js, React.js, TypeScript, Node.js, and Express.js-based services.
- Led frontend development across 30+ enterprise application pages and maintained client and internal dashboards including VMS, CBMS, EMS, and COU.
- Built and optimized production workflows integrating REST APIs, payment gateway APIs, and LLM-based APIs for structured data handling.
- Integrated PayU and Razorpay payment gateways with secure frontend workflows and backend API coordination.
- Collaborated with Node.js and FastAPI teams within a microservices architecture and improved application performance by 20% t hrough caching, API optimization, and lazy loading.
- Worked on production-grade bill-payment and banking workflows where reliability, performance, and responsive user journeys were key requirements.

Front-End Developer — Speqto Technology Pvt. Ltd.

Jun 2023 – Jan 2024

- Built reusable UI components and production interfaces using React.js, Next.js, and Vite.
- Integrated decentralized wallet workflows with REST APIs and contributed to blockchain-based applications with BSC smart contract integration.
- Improved responsive behavior and cross-browser compatibility across application interfaces.

MERN Stack Intern — Techpile Technology Pvt. Ltd.

Jun 2022 – May 2023

- Developed full-stack applications using MongoDB, Express.js, React.js, and Node.js.
- Built interactive interfaces using React, Redux, and Bootstrap.
- Developed backend APIs and integrated application databases.

SELECTED PROJECTS

CSC Bill Payment Platform

- Built frontend and backend using Next.js, Node.js, Express.js, MongoDB, and Redis.
- Engineered a high-traffic bill-payment application handling approximately 20,000 transactions per day.

SVC Bill Payment Platform

- Developed a production bill-payment workflow using the Next.js/React ecosystem and API-driven backend integration.
- Platform currently handles approximately 10,000 transactions per day.

Saarthi — CBI Bank | Ongoing

- Building frontend capabilities for a banking platform using Next.js and React.
- Focused on secure data handling and intuitive user journeys for banking clients.

Orbit Website — Plutos One

- Built the complete production frontend using Next.js with a focus on performance, responsiveness, and usability.

ADDITIONAL PROJECT EXPERIENCE

- Plutos One Main Website (Vouchers) — Built the vouchers frontend using Next.js.
- AI-SaaS Bill Payment Application — Developed the frontend using Next.js and React.
- ERP Frontend — Built internal ERP modules using React and Next.js.
- Client & Internal Dashboards (VMS, CBMS, EMS, COU) — Built dashboards supporting operational workflows.
- Call Monitoring Dashboard — Built monitoring dashboards for automated call workflows and integrated LLM-based call analysis APIs.

EDUCATION & CERTIFICATION

Bachelor of Computer Applications (BCA) — ITM College of Management, Gorakhpur | 2019 – 2021

MERN Stack Developer Certification
